

## WADA (World Anti-Doping Agency) Statement

### Alusion® (Aluminium Oxide)

Antaria confirms that Alusion® does not contain or use in its manufacture, substances that are included in *World Anti-Doping Code International Standard Prohibited List January 2021*.

Based on our knowledge of the raw materials used to produce these products, and information from suppliers, no substances included in the *World Anti-Doping Code International Standard Prohibited List January 2021* are expected to be present.
