

# Glycerin

---

## General Data

Known as: Glycerol

Plant Parts: n/a

INCI: Glycerin

## Product Details

---

### Benefits

#### *Moisturizing*

- It is a humectant which causes moisture from the environment to be attracted and allows the skin to retain it.
- Creates long-lasting moisture to keep the skin soft.

#### *Skin Barrier Support*

- Helps to strengthen the skin's natural barrier by protecting it from environmental stress.
- Reduces water loss.

#### *Texture*

- Provides a smoother application by offering a more spreadable formula.
  - Aids in creating a less greasy texture to make the product more comfortable to wear.
-
