---

## General Data

Known as: Candelilla Cera

Plant Parts: Leaves/ Stem

INCI: Euphorbia Cerifera

## Product Details

---

### Benefits

#### *Emollient Properties*

- Provides hydration to the skin to prevent dryness.
- Aids in creating a smooth and spreadable texture.

#### *Water Resistance*

- Forms a barrier on the skin to lock in moisture and prevent the product from being easily washed away by water, sweat, or other forms of moisture.
-
